Wooohoooo woooooo
They say money talks
But it never answers me, no
HereOs my calls
Never a penny spared to
Buy all my thoughts
All the reaching reasons
They are never bought
Just like the seasons
CanOt be caught

So I say
Drop behind for a jukebox sunshine
Set the fast on fire wooohooooo woooooo

We had a dream,
You woke up screaming
And you ore led to scene
Yeah you were leaving for your
That oream
I guess you donot believe in dreams not like me
And I wonot let you chase my dreams away

So I say

Drop behind for a jukebox sunshine Set the fast on fire wooohooooo woooooo

Drop behind for a jukebox sunshine Set the fast on fire wooohooooo woooooo

You or got there space and time
You ve got a call in the after laugh
Come on shake your wings like a butterfly
You ve got the money for the parking fine
I know I don ve won you give me a loan?
Won ve you leave me alone?
Coz I just want to have a good time
Throw the past into the night
So I say to you

Wooohooo wooooo Drop behind for a jukebox sunshine Set the fast on fire wooohooooo woooooo

Drop behind for a jukebox sunshine Set the fast on fire wooohooooo woooooo
