

What's The Difference

The Holloways

What's the difference between you and me
You got no mercy
You got no sympathy
Your soul is cracked and mine is free
That's the difference between you and me

I wish that you would just open your mind
Even if it takes up all your precious time
Redirect, earn some respect,
Please open your mind

What's the difference between you and me
Your faults and your flaws
You fail to see
Escape your new find
Your conscience is lying
That's the difference between you and me

I wish that you would just open your mind
Even if it takes up all your precious time
Redirect your self-respect to someone else but you
Please open your mind

What's the difference between you and me
You got no mercy
You got no sympathy
Your soul is cracked and mine is free
That's the difference between you and me

I wish that you would just open your mind
Realise your soul is not that hard to find
Redirect your self-respect to someone else but you
Please open your mind
Please open your mind
Please open your mind
