

## Dancers In The Dark

The Hoosiers

What went wrong  
I turned away for just one second now you're gone  
Did I blink too long?  
'Cause I'm sure my eyes were open  
Sure I wouldn't miss a moment

Oh! We were dancers in the dark  
Thought we'd never be apart that night  
So we never saw it coming  
And oh! We could've had it all  
But the writing on the wall that night  
Oh we never saw it coming, no we never saw it coming

Where to now?  
Now we've gone as far as our time will allow  
Tell me how  
'Cause I've got no way of knowing  
Don't know where my life is going

Oh! We were dancers in the dark  
Thought we'd never be apart that night  
So we never saw it coming  
And oh! We could've had it all  
But the writing on the wall that night  
Oh we never saw it coming, no we never saw it coming
