

Rocket Star

The Hoosiers

Can't I pretend, make amends
Don't even know if we are still friends
'Cause you're gone, and I'm torn
But there was only space for one
Like you care, unaware
I don't want you to go anywhere, no
'Cause I should be the one up there

Something's wrong with you
Something's wrong with you leaving
You were someone who
Someone I could believe in

You're in a rocket star, you're leaving
Can only catch you when I'm dreaming

When we were young, you could see
A world out there beyond you and me
So I looked, but I saw
A monster that had you in its jaws
Like you care, unaware
I don't want you to go anywhere, no
'Cause I should be the one up there

Something's wrong with you
Something's wrong with you leaving
You were someone who
Someone I could believe in

You're in a rocket star, you're leaving
Can only catch you when I'm dreaming
You're in a rocket star, you're leaving
You're in a rocket star
Don't leave me behind

Something's wrong with you
Something's wrong with you
You were someone who
Someone I could believe in

You're in a rocket star, you're leaving
Can only catch you when I'm dreaming
You're in a rocket star, you're leaving
You're in a rocket star
Don't leave me behind
Don't leave me behind
Why you wanna leave me behind?
Please don't leave me behind
