

## Just A Lie

## The Hope Conspiracy

I spilled my guts  
Don't why you know I'd "KILL FOR YOU"  
Through years and broken hearts  
I bled it true  
Yet every drop of faith  
Becomes a sea of pain  
The storm on the view  
A darkness over me  
Dead from the onset  
And I can't break free  
I spilled my futs  
Did you think I'd "CRY FOR YOU?"  
Through years and broken hearts  
I bled it true  
TRUE!  
TRUE!  
Her hearts not true  
Knives in out backs  
Stabbing till the end  
It's all just a lie  
And you're  
Just a lie  
Love has no meaning  
When there's nothing left inside
