

## Regret Kills

### The Hope Conspiracy

If she could ever love again, could ever trust again, her love  
you loved away, when she was screaming you walked away, her tea  
r stung eyes, tell me how you do it, striking at a angels face,  
so cold. so empty, words cut like razors, cut deeper than you  
care to notice, scars of hate. she still bleeds no! seasons str  
eak through he rearview, time heals nothing it never does, fal  
ling in falling out another failure, another kid lost another o  
ne gone forever, months have come and gone, quicker than a hang  
-up, that was your defense, screaming at deafened walls, when t  
he doves fly high, and peace graces these days, look in those e  
yes, I hope it breaks your heart, I hope it makes you choke.
