## The Horrors

Raise your head up high, let's leave this ordinary world  
Raise your voice up loud, it's time to go  
And we'll ride this wave as far as we can  
All our future days in this hologram

Are we hologram?  
Are we vision?  
Are we hologram?  
Are we vision?  
Hologram  
Hologram  
Hologram

Raise your head up high, let's leave this ordinary world now  
There will be no end to where we go  
Through every unnumbered day we'll journey forever  
Riding on these writhing waves, we'll travel the light

Are we hologram?  
Are we vision?  
Are we hologram?  
Are we vision?  
Hologram
