

# I Can See Through You

## The Horrors

I got the church key  
Moving in the night  
Don't you wish you could live this lie?

I couldn't talk about  
Filling up with longing  
Pale horse, green eyes

'Cause I can see through you and I don't get it  
I can see through you and there's no way  
I can see through you  
I can see through  
I can see through you and I don't get it  
I can see through you and there's no way  
I can see through you  
I can see through  
La la la la la

Some people see you  
To me you're just see-through  
No one remembers your name  
No one tries

And let you step outside  
In the fever of evening  
No one remembers your name  
No one tries

'Cause I can see through you and I don't get it  
I can see through you and there's no way  
I can see through you  
I can see through  
'Cause I can see through you and I don't get it  
I can see through you and what you are  
I can see through you  
I can see through  
La la la la la

'Cause I can see through you and I don't get it  
I can see through you and there's no way  
I can see through you  
I can see through  
'Cause I can see through you and I don't get it  
I can see through you and there's no way  
I can see through you  
I can see through  
La la la la la  
La la la la la  
La la la la la  
La la la la la  
La la la la la
