

Beatles And The Stones

The House of Love

Look at him shouting out
Loud as thunder out at sea
He wants a bomb
So do we
A bomb from the sky
Is the perfect crime
Shoulder on shoulder and heat
The Beatles and the Stones
Sucked the marrow out of bone
Put the V in Vietnam
The Beatles and the Stones
Made it good to be alone
To be alone
Look at me, proud of being
Proud of being seventeen
Locking in the pocket a smile
Soft from the school
Cut by the rule
Oh I'm dazed and I'm dazed and I'm dazed
The Beatles and the Stones
Sucked the marrow out of bone
Put the V in Vietnam
The Beatles and the Stones
Made it good to be alone
To be alone
The Beatles and the Stones
Sucked the marrow out of bone
Put the V in Vietnam
The Beatles and the Stones
Made it good to be alone
To be alone
To be alone
To be alone
(Alone, alone, alone, alone, alone)
To be alone...
