

# All I Ever Wanted

The Human League

What are you going to say and what are you going to do ?  
What are you going to say and what are you going to do ?  
Too good  
You could  
Be so misunderstood  
Snow pure  
Demure  
Don't feel so insecure  
Heaven would be lonely without you  
You satisfy the need in me  
No-one makes me feel the way you do

What are you going to say and what are you going to do ?  
What are you going to say and what are you going to do ?  
Maligned  
You'll find  
A strength to ease your mind  
Trust fate  
Relate  
This trial you'll tolerate  
Summer would be bitter without you  
You satisfy the need in me  
Sunshine couldn't warm me like you do  
Devotion's what you read in read

All I ever wanted  
Was to be with you just to be with you  
All I ever wanted  
Just to be with you to be free with you  
Review  
Brand new  
You know you'll see it through  
From now  
I wow  
They'll take what you allow  
Paradise so dreary without you  
I couldn't last a day without you  
Nothing else could take the place of you  
You know I wouldn't stay without you

All I ever wanted  
Was to be with you just to be with you  
All I ever wanted  
Just to be with you to be free with you  
Yeah be with you  
All I ever wanted  
Come on be with you  
To be free with you  
Totally with you  
Hey be with you

All I ever wanted  
I believe in you  
I believe in you  
Hey hey yeah

What are you going to say and what are you going to do ?

What are you going to say and what are you going to do ?  
What are you going to say and what are you going to do ?  
What are you going to say and what are you going to do ?

All I ever wanted  
Just to be with you  
Just to be with you

All I ever wanted  
Want to be with you  
Got to be with you

All I ever wanted  
Was to be with you  
Just to be with you

All I ever wanted  
Just to be with you  
To be free with you  
Yeah be with you

All I ever wanted  
Come on be with you  
Be with you  
All that I want to do  
Hey be with you

All I ever wanted  
Come on be with you  
Everything that I do  
Yes I do it for you  
Yeah be with you

All I ever wanted  
Come on be with you
