

Don't You Know I Want You

The Human League

It's a beautiful night
A cool breeze in the air
Got the keys to my car
But I don't want to go nowhere
I'm not at all bored
But I've plenty of time to spare
There's only one thing that I know
Would take me there

I've got one thing to say to you
I guess you just don't realise
When you see me look at me
There's more than friendship in my eyes

Don't you know I want you
Don't you know I want you

You can really get a buzz
Hanging out with the cool and free
You can act like a monarch
Or a pillar of the bourgeoisie
Anything you want to do
I'm never going to disagree
But I've got a point of view
How about a little sympathy

I've got one thing to say to you
I guess you just don't realise
When you see me look at me
There's more than friendship in my eyes

Don't you know I want you
Don't you know I want you

Don't you know I want you
Don't you know I want you
Don't you know I want you
Don't you know I want you
