

Lost

The Hunna

I need to listen to myself
I need to show myself some empathy
I need to listen to my heart
Instead of hiding in the revelry
I don't want to be wanted
Today I wanna be free
I wanna make damn sure
That they can't fucking find me

I wanna get lost
Somewhere only I know
Let my body breathe
Go slow
I gotta get out, run away somehow
And let me go
Where it's okay to wallow
My soul, my shadow can't follow

I'm out of control
I'm done with it all
I wanna get lost
I wanna get lost
I'm out of control
I'm done with it all

I don't think that I can stomach
What they're force feedin' me
God, I'm so full up
I don't need no more to eat

I wanna get lost
Somewhere only I know
Let my body breathe
Go slow
I gotta get out, run away somehow
And let me go
Where it's okay to wallow
My soul, my shadow can't follow

I'm out of control
I'm done with it all
I wanna get lost
I wanna get lost
I'm out of control
I'm done with it all

We not doing no company, you can just leave me alone (Just leave me alone)
Feel like everybody just want something from me, get to it then they gone
Right now I'm so tired of the bullshit, I ain't answering the phone (Phone)
I pack my bags, I'm going to another town for the night
(I wanna get lost) Take off to the sky (Sky)
Without having to die (Die)
Some new pain in my eyes (My eyes)
It's so hard not to cry (Cry)
So I get lost and hide (Hide)
So I can let it out (Out)
So nobody can see

Keep feeling but I tried

Let me go

I'm out of control

I'm done with it all
