## The Hunna

I said that I hate you  
I watched you walk out the room  
Now it's five hours later  
And I still can't get through to you  
You said I'm a faker  
And now I know what I've gotta do  
And it's five days later  
And I've got something to say to you

There's only ever been one  
There's only ever been one  
There's only ever been one

You think I'm a liar  
But you don't know the truth  
Now it's five weeks later  
And I'm not getting over you  
And all I'm left with are pictures  
Of all the things that we'll never do  
And it's five months later  
And I wish I told you

There's only ever been one  
There's only ever been one  
There's only ever been one  
There's only ever been one  
There's only ever been one

There's only ever been one  
There's only ever been one

There's only ever been one  
And I still can't get over you  
There's only ever been one  
As I watched you walk out the room  
There's only ever been one  
And I still can't get over you  
There's only ever been one  
I'm not getting over you  
There's only ever been one
