

# You & Me

## The Hunna

Smoking by the Hunna Tree  
Talking, how it used to be  
What we were told was just a dream  
By all of them

But I'm sure they see  
What I can see cause I can see that

You & me  
We are wild and we are free  
You & me  
We were meant to be

Underneath the fallen leaves  
Not just a band, a family  
That they can't take away from me  
That they can't take away

You & me  
We are wild and we are free  
You & me  
We were meant to be

You & me  
Smoking by the Hunna Tree  
You & me  
We were meant to be

The people sing  
They're listening  
And they'll believe  
What we could be

And I'm sure they see  
What I can see, cause I can see that  
I'm sure they see  
What I can see, cause I can see that

You & me  
We are wild and we are free  
You & me  
We were meant to be

And you & me  
Smoking by the Hunna Tree  
You & me  
We were meant to be

You, me  
Smoking by the Hunna Tree  
You, me  
We were meant to be
