

# Settled

## The Icarus Account

Love is breaking me down  
It feels like I'm stuck  
Six feet under ground ground ground

Oh but I'm gonna hold my head up  
Let the dust settle  
It's a good life that I chose  
Guess I didn't know  
It would be such a long and lonely road

But I don't wanna look for love  
I want love to look for me  
And I don't wanna give my heart  
If it's not yours to keep  
And I don't wanna be the one  
When everything is said and done  
Who settled on someone

Time has taking it's toll  
On my mind  
On my spirit and my body  
And my soul

But I'm gonna take this season  
Keep on singing it's a good life that I chose  
Guess I didn't know  
It would be such a long and lonely road

But I don't wanna look for love  
I want love to look for me  
And I don't wanna give my heart  
If it's not yours to keep  
And I don't wanna be the one  
When everything is said and done  
Who settled on someone

Ooooh.. Yeaah.. la la la...

So save your heart  
Save your best  
For the one who steals your breath  
I'd rather be alone forever  
Than to force myself to settle  
I'll wait...  
Forever if it's what it takes

And if I don't find love  
It will find it's way to me  
And then I will give my heart  
'Cause it was always yours to keep  
And I held out for the one  
And when everything was said and done  
I found my someone...
