

Looks Like Rain

The Icicle Works

(McNabb)

Looks like rain, looks like rain,
It's just what I could use to wash away the pain,
Looks like rain, looks like rain,
Could there be a chance of seeing you again?
Call my name, like the time that we kissed,
It was hard to resist, it was hard to believe,
That it went away so fast, so fast...
Looks like rain, looks like rain,
Tomorrow things'll change,
Or maybe stay the same...
Up on Look Out Mountai, two Jehovah men,
Smog that stills the city, I remember when...
Dizzy conversation girl,
Where boy-charmers leave their cards,
Railroad bumpers in the rain, where I
Ponder on my will to give, I found her out,
This is the place where she lives...
