

# Walk a While With Me

The Icicle Works

Walk a while with me  
Walk a while with me  
See the things I see, be the things I need  
Walk a while with me

Walk a while with me  
Walk a while with me  
You know you're not really free, you're just pretending  
to be  
So walk a while with me

Walk a while with me  
Walk a while with me  
And if you're willing to dream and find out what we  
could be  
Walk a while with me  
Walk a while with me  
Walk a while with me  
Walk a while with me  
Walk a while with me

Walk a while with me  
Walk a while with me  
And if you're willing to dream and find out what we  
could be  
You'll walk a while with me  
Walk a while with me  
Walk a while with me  
Walk a while with me  
Walk a while with me  
Walk a while with me  
Walk a while with me
