

# I Want To Be With You

The Impressions

I wanna be, with you  
I wanna be, with you

After all the nights of wantin' you  
Lying there, loving you, hating you  
Tonight I'm touching you, tasting you  
World you're gonna see  
We'll make out somehow  
Here's my girl and me  
They can't hurt us now

We're gonna have it all  
I'll love you, every day  
Honey life can be so great for us  
Here's our chance, it's not too late for us  
Grab it fast or life won't wait for us

I wanna be with you  
I wanna be with you  
That's how it's gonna be  
My loving girl and me

And we'll tell the world make way for us  
It's a sweet and golden day for us  
Now the music starts to play for us

I wanna be with you  
I wanna be, with you
