

Make A Resolution

The Impressions

We've got to make a resolution (Whoa, whoa, yeah, yeah)
We've got to find out the solution
We've got to make the world (World) a better place
(Yeah, yeah, yeah)
We've got to save part of the human race
The time is now, they'll show you how (Yeah, yeah)
Three the hard way, yeah
(Say it again, let 'em play, what you say?)
Three the hard way, yeah
(Say it again, let 'em play, what you say?)

They kidnapped Wendy, they killed poor House
But not before they let part of the secret out
Fellas gonna find a way, fellas gonna stick together
They're not gonna quit until they catch the man called Feather

See, they made a resolution (Whoa, whoa, yeah, yeah)
They're gonna find out the solution (Ooh, ooh, ooh)
They're gonna make the world (World) a better place

They'll keep on coming, they won't give up
They'll never be the first to say they've had enough
They'll fight through the finish or they won't fight at all
Lait, Jagger, Mister, standing tall

'Cause they made a resolution (Whoa, whoa, yeah, yeah)
They're gonna find out the solution
They're gonna make the world (World) a better place
