

## No One Else

### The Impressions

No one else  
No one else  
No one else  
But you...

Has given me, peaceful dreams  
Whenever I sleep at night  
Because of you, dark days seem ever so bright  
Your wonderful ways make me feel like I'm a king  
It's so hard to believe all the feminine girl can bring  
And I owe...

No one else  
No one else  
No one else  
But you...

For making me, hang down my head  
And cry with pure delight  
For all I thought I'd lost, with another, wasn't quite  
Meeting you was everything a man could want  
I'd be less than a fool, to pull some fast degrading stunt  
And..

No one else  
No one else  
No one else  
But you, for giving me pure love

Yes everybody now  
Get this me  
Don't need no nothing and from, hurt I'm free  
And I owe...

No one else  
No one else  
No one else  
But you

For giving me pure love  
Yes you've given me (no one else)  
Pure love (no one else)  
Let me tell ya I owe (no one else) no one else
