

## Sermonette

## The Impressions

I heard me a sermonette  
Have you heard it yet  
With that soulful message  
That you won't soon forget

It tells about real true love  
People lost sight of  
Through that sinful living  
And scorning Heaven above

It tells you to love one another  
To feel that each man's your brother  
Live right, 'cause you know that you reap what you sow

And so you'll have no regrets  
And to find what your missing  
Bow your head and listen  
To this ser-er-er-monette

It tells you to love one another  
To feel that each man's your brother  
Live right, 'cause you know that you reap what you sow

And so you'll have no regrets  
And to find what your missing  
Bow your head and listen  
To this ser-er-er-monette

Bow your head and listen  
To this ser-er-er-monette

Bow your head and listen  
To this ser-er-er-monette
