

Sometimes I Wonder

The Impressions

Sometimes {sometime)
You make me wonder (wonder)
I get the blues (blues)
And then I wonder (wonder)

You should hate me, day and night
But when I'm home everything's alright
Ooh whooh, you're you
Sometimes I wonder (wonder)

Can I get an answer
You sit there with a smile up on your face
What's on your mind (I don't know)
While she's just prancing all over the place
When she should hate me, day and night
But when I'm home everything's alright
Ooh whooh, you're me
Sometimes I wonder (wonder)

You ain't worried
When I stay out all night long
What's come over you
Whatever I do seems to never be wrong
When you should hate me, day and night
But when I'm home everything's alright
Ooh whooh, I don't know
Sometimes I wonder (wonder)
Sometimes I wonder (wonder)
Sometimes I wonder (wonder)
Sometimes I wonder (wonder)
Sometimes I wonder (wonder)
Sometimes I wonder (wonder)
Sometimes I wonder (wonder)
