

## Wherever You Leadeth Me

The Impressions

Wherever you leadeth me,  
I will follow,  
Across the water blue,  
Deep or shallow

If the way, is dark  
We'll make it through me and you  
It may sound a little strange  
But it's my own thing, own thing, own thing

Whatever may be your wants and needs  
Just call on me,  
My everything belongs to you  
And you can have it free

Understand I love, you so  
And I mean it sincerely  
It may sound a little strange  
But I love you dearly, dearly, dearly

Understand I love, you so  
And I mean it sincerely  
It may sound a little strange  
But I love you dearly, dearly, dearly

Wherever you leadeth me,  
I will follow,  
Across the water blue,  
Deep or shallow

Even if the way, is dark,  
We'll make it through me and you  
It may sound a little strange  
But it's my own thing, own thing, own thing
