

You Always Hurt The One You Love

The Impressions

You always hurt, the one you love
The one, you shouldn't hurt at all

You always take, the sweetest rose
And crush it, till the petals fall

You always hurt the kindest heart
With a hasty word you can't recall

So If I broke, your heart last night
It's because I love you most of all

You always hurt the kindest heart
With a hasty word you can't recall

So if I broke, your heart last night
It's because I love you most of all
