

# Wars Only Wars

The Inchtabokatables

w.o.w.  
whereever you're looking  
w.o.w.  
the whole world's shooting  
w.o.w.  
nobody's winning  
w.o.w.  
the next one's beginning

gods only gods  
are hanging above us  
g.o.g.  
are laughing about us  
g.o.g.  
waiting for their chance  
g.o.g.  
to take us in trance  
g.o.g.  
to dance the last dance  
g.o.g.  
have the world in their hands

drugs only drugs  
we're always drinking  
d.o.d.  
until we're sinking  
down in the ground where our bodies are stinking  
we're laying down while we are thinking  
'bout wars and gods and drugs  
drugs and wars wars only wars

hey hey  
hey do it!
