

Empty Pocket Blues

The Incredible String Band

My pockets empty baby
Singin' the blues for you
My pockets empty baby
You know I love the truth
Even my old kettle
Is whistling the blues for you
Back again
I'm still waiting for
Back again
with you
The nights are lonely baby
I need you all the time
I am lonely baby
Need your lips on mine
Even my old kettle
Is whistling the blues for you
Back again
I'm still waitin'
I'm goin' back again
With you
My pockets empty baby
Singin' the blues for you
My pockets empty baby
You know I love the truth
Even my old kettle
Is whistling the blues for you
Back again
I'm still waiting
I'm going back again

With you.
