Carry Me Away

The Infamous Stringdusters

I could walk a million miles or more
In your shoes and never know the score
I don't get the meaning of
A single one of any word you say
Yeah, I can feel the cold wind blowing
Cold wind come to carry me away

Well, it takes two to walk on common round
Yeah, I don't see you anywhere around
Well, it seems to me we oughtta be
A little further on from yesterday
Yeah, I can feel the cold wind blowing
Cold wind come to carry me away

Well, carry me away, carry me away
Well, carry me away, carry me away

What you set in stone turns on a dime
Yeah, you want all of yours and all of mine
What you have to offer in return
Is much too high a price to pay
Yeah, I can feel the cold wind blowing
Cold wind come to carry me away

Well, carry me away, carry me away
Well, carry me away, carry me away

Yeah, I can feel the cold wind blowing
Cold wind come to carry me away
Well, I can feel the cold wind blowing
Cold wind come to carry me away
