

## Coming Back To You

The Infamous Stringdusters

When I left those years ago  
I was young what did I know  
I left a love so true  
But I'm coming back to you  
Rushing by rushing round  
Coming back I hear a sound  
A voice tells me what to do  
I'm coming back to you

Coming back to you

I long for parts unknown  
I walk the path alone  
Slept out in the morning dew  
I'm coming back to you  
Don't know if you'll be there  
Got so much to share  
I put down my walking shoes  
Now I'm coming back to you

Coming back to you

Through the wind and rain  
To be with you again  
It's driving me insane

No I've heard you've gone away  
Couldn't bring yourself to stay  
If you could wait just one more day  
I'm coming back to you  
When I left those years ago  
I was young what did I know  
I left a love so true  
But I'm coming back to you

Coming back to you  
Coming back to you  
Coming back to you  
I'm coming back to you
