

I Didn't Know

The Infamous Stringdusters

I've been tossing and turning in my bed
The news just keeps replaying in my head
It feels like I'm going off to war
Hearing a story that I've never heard before

I didn't know that there was a sharp and bitter line
I didn't know that I was standing on the easy side
I didn't know that we were going different ways
I didn't know that we were headed for our darkest days

I didn't know that there was a sharp and bitter line
I didn't know that I was standing on the easy side
I didn't know that we were going different ways
I didn't know that we were headed for our darkest days

Once you know the score, what can you say?
How can you just be on about your way?
Is history holding us in place?
A new masquerade that only hides the same old face

I didn't know that there was a sharp and bitter line
I didn't know that I was standing on the easy side
I didn't know that we were going different ways
I didn't know that we were headed for our darkest days

Making it right won't be a simple thing to do
There's no turning back or hiding from the truth
Now that I know

I didn't know that there was a sharp and bitter line
I didn't know that I was standing on the easy side
I didn't know that we were going different ways
I didn't know that we were headed for our darkest days

Making it right won't be a simple thing to do
There's no turning back or hiding from the truth
Now that I know...
