

# I'll Get Away

## The Infamous Stringdusters

I don't need for the pity  
A word of hope, you could not send  
I can't hear, I need no vision  
I'll find a path with the wind

I'll get away again  
I'll get away again

In the moment I was with you  
Made the bed and there I laid  
Took a long time to be decided  
But decisions were never made

I'll get away again  
I'll get away again

Hey, I'll get away  
It's not a bad half, oh  
If I leave it safe  
Yeah, but when I get there  
Ooh

You left me up here, flying  
Gave me nowhere to land  
Let me 'round in circles  
Too dizzy to stand

I'll get away again  
I'll get away again

Hey, I'll get away  
It's not a bad half, oh  
If I leave it safe  
Yeah, but when I get there  
Ooh

Hey, I'll get away  
It's not a bad half, oh  
If I leave it safe  
Yeah, but when I get there  
Ooh
