

Ladders In The Sky

The Infamous Stringdusters

I've been wondering where to put all this potential
I've been hanging around waiting for a sign
In my living room it feels exponential
Doesn't mean we need to heat up all the day
And it's a feeling that time is moving faster
Trying to find a way to slow it down
And I wonder if we're rushing toward disaster
And I can break free this time around

And it's a beautiful world
It's a beautiful world
Now I spend my days
Learning to fly
I might make it off the ground one day before I die
Until I get my wings I keep climbing
Ladders in the sky

I'm sorry if I seem a bit distracted
You know there's been a lot on my mind
You can tell my energy detracted
And I think it's time we leave it all behind

And it's a beautiful world
It's a beautiful world
Now I spend my days
Learning to fly
Might make it off the ground one day before I die
Until I get my wings I keep climbing
Ladders in the sky

Oh now I spend my days
Learning to fly
I might make it off the ground one day before I die
Until I get my wings I keep climbing
Ladders in the sky
