

Listen

The Infamous Stringdusters

Take a moment in time
To find
Let the feelings come by
Say goodbye

Listen to the wind blow
Listen to the rain fall
Listen to the dark clouds
Listen to your heart call
Listen to the wind blow
Listen to the rain fall
Listen to the dark clouds
Listen to your heart call

There's a reason to fly
Don't ask why
Someone catches your eye
You'll leave the world behind

Listen to the wind blow
Listen to the rain fall
Listen to the dark clouds
Listen to your heart call
Listen to the wind blow
Listen to the rain fall
Listen to the dark clouds
Listen to your heart call
Listen to the wind blow
Listen to the rain fall
Listen to the dark clouds
Listen to your heart call
Listen to the wind blow
Listen to the rain fall
Listen to the dark clouds
Listen to your heart call

Listen to the wind blow
Listen to the rain fall
Listen to the dark clouds
Listen to your heart call
Yeah
Listen to the wind blow
Listen to the rain fall
Listen to the dark clouds
Listen to your heart call
Listen to the wind blow
Listen to the rain fall
Listen to the dark clouds
Listen to your heart call
