

Where the Rivers Run Cold

The Infamous Stringdusters

If I look like I'm weary
It's only for now
I'll get my rest in the ground
There's a lot left to do
In the time that remains
Before my last sun comes around

I'm won't lay down
I won't give up, when I'm old
If I need love, way out
Where the rivers run cold

There's no rest for the weary
When age takes its toll
And the walls of the city, close in
So look up to the mountains
Where an old dirt road ends
If you wanna see me again

I'm won't lay down
I won't give up, when I'm old
If I need love, way out
Where the rivers run cold

I'm won't lay down
I won't give up, when I'm old
If I need love, way out
Where the rivers run cold

Way out where the rivers run cold
