

Ask Anyone Who Knows

The Ink Spots

There is no shore without an ocean
Ask anyone who knows
There is no love without devotion
Ask anyone who knows

A dream will stray, lose its way
If it can't come true
Night and day all my dreams
Are so dependent on you

A sigh can mean a sweet beginning
Ask anyone who knows
It's love that keeps the whole world spinning
And heaven only knows

I have no heart when we're apart
It leaves me when you go
And darling if you don't believe me
Ask anyone who knows

(Spoken)

A sigh can mean a sweet beginning, Honey
Ask anyone who knows
You see, it's love and love alone that keeps the whole world spinning
And heaven only knows

(Sung)

I have no heart when we're apart
It leaves me when you go
And darling if you don't believe me
Ask anyone who knows
