Information please, tell me am I the lucky one?
Information please, tell me am I the guy who one?
I want to walk right down that middle aisle, I do
So while I'm dreaming, tell me will my dreams come true?

Information please, tell me just what I want to know
Information please, tell me to stay or should I go?
I love her, 'deed I do
But does she love me too?
Information please, tell me just what I want to know

Information please, tell me, am I the lucky one?
Information, information, uh, uh please tell me, am I the guy who one?
You see, I want to walk right down, straight down that middle aisle, I really do
So while I'm dreaming kindly, tell me: will all my dreams come true?

Information please, tell me just what I want to know
Information please, tell me to stay or should I go?
I love her, 'deed I do
But does she love me too?
Information please, tell me just what I want to know
