

No Orchids For My Lady

The Ink Spots

No orchids for my lady
No sparkle in the wine
For other lips have told my lady
To pass beside this love of mine

So there's no rapture in our meeting
No kisses when we part
The orchids I gave my lovely lady
Were clutched on someone else's heart

So there's no rapture in our meeting
No kisses when we part
The orchids I gave my lovely lady
Were clutched on someone else's heart
