

Thoughtless

The Ink Spots

Thoughtless
I was so thoughtless
But not because I thought less of you
Believe me
Sweetheart, believe me
I didn't mean to make you feel blue

I know that I was careless
I was too sure of you
But when you say I care less
Honey, that isn't true

I was thoughtless
Only thoughtless
But honest, I'm still in love with you

Thoughtless
I was so thoughtless
But uh, not because I thought less of you
Believe me
Honey child, believe me
I didn't mean, I didn't mean to make you feel blue

I know that I was careless
I was too sure of you
Ah, but when you say I care less
Honey, that isn't true
I was thoughtless
Only thoughtless
But honest, I'm still in love with you
