

From a Homeland

The Innocence Mission

Let's not be restless, my darlings
Let's be glad at home, my dears
Though all the boats on shore are yearning
To be away from here
To be upon the sea
To be upon the sea

Wherever you are
The colors and the light are in your view
And all the others there will see them
And feel the same as you
And feel the same as you
And feel the same as you
