

## Armed Love

### The (International) Noise Conspiracy

Feel the gravity under your feet now  
Blowing speakers trying to figure out how  
To turn it up and turn it loose tonight  
To have rhythm and revolution  
Seems like an easy solution  
But right now we're gonna set it all on fire

To feel the power to feel the juice  
To feel the same things that I do

Oh can't you see this world belongs to you and me  
Get injected, resurrected, let's get infected engage in life  
We're the rejected, resurrected, and we will make it right

Now you're showing me how you move  
To music, riots and to this groove  
Never knew we could feel this good  
Cause we don't want to have to wait around  
Until we are out of the underground  
We want to have our freedom now

To feel the cold sweat to feel the soul  
On this hallowed ground baby we can feel it all

Oh can't you see this world belongs to you and me  
Get injected, resurrected, let's get infected engage in life  
We're the rejected, resurrected, and we will make it right

Liberations ready to bloom tonight
