

Do I Have To Spell It Out?

The (International) Noise Conspiracy

Do I have to spell it out?
Well I've got just one little thing to say
I've got a little secret if you want to come my way
Do I have to spell it out?
I've got you under my thumb
I've got my desires free to grab for everyone

Because you know that I wanted you
So please be careful with the words that you choose
There is so much that we can do

Yeah, I wanted you to be by my side
Everyone in here all of the time
Do I have to spell it out?

O-R-G-A-N-I-Z-E

And you know that I always wanted to be with you
And you know there is so much that we can do
And you know something about the words that we choose

If you ever think about loving
Won't you please consider me?

I've got just one little thing to say
An insurrection, a new direction coming our way
Do I have to spell it out?

O-R-G-A-N-I-Z-E

And you know that I always wanted to be with you
And you know there is so much that we can do
And you know something about the words that we choose

If you ever think about loving
