

## Next Time / Humble Pie

The Internet

Part I

You're nothing, but a (?) face  
You're only five minutes away  
Shoulda met you when I had the chance  
'Cause I'll probably never see you again

My, oh, my  
I'm wondering if  
She knows I  
Was plottin' on her  
Does she come here often?  
If so I gotta  
Make a move, quit stallin'  
It's hard to gauge with my heart racing  
This back and forth is energy wasted  
But what do I say if I see hesitation?  
But what do I do if she walks away?

Next time, I'll just start by saying hi  
Ask her what her name is  
If she has the time  
Start a conversation  
No, we don't have to talk for too long  
I just wanna know  
That before she could leave  
I walked over and said hello  
I said hello

Say, baby  
Don't hate me  
Scratch that, you probably don't hate me  
I'll probably drive myself crazy  
My mind, the cloud is so hazy  
But, shawty would you be mine?  
But can I be the one you give (?) in the meantime  
I mean it  
Tell me what you think  
Say if you want me  
Would you come and speak  
Or tell me what you

Stop by saying hi  
Ask her what her name is  
If she has the time  
Start a conversation  
No, we don't have to talk for too long  
I just wanna know  
That before she could leave  
I walked over and said hello  
I said hello

Part II

Hey, Miss Dreamy  
Tell me why you're sleeping  
It's yourself, you cheating in the end  
This shit ain't easy  
Baby, please believe me

Don't know what you're thinking

I think you need a real love  
You gotta love something  
You know it's still love  
But you ain't doing nothing  
Damn

I've been clocking in  
Night and day (Night and day)  
It's working out for me  
And you wonder why  
Now you ain't hungry yet  
Me, I got a plate (got a plate)  
But I don't want a piece of your humble pie (humble pie)

All this wisdom, but you never listen  
Now you stuck just wishing for the best  
Assume the system gave you special privilege  
But ain't nothing givin'

I think you need a real love (Love)  
You gotta love something  
And you know it's still love (Love)  
But you ain't doing nothing, nothing

I've been clockin in  
Night and day (Night and day)  
It's working out for me  
And you wonder why  
Now you ain't hungry yet  
Me, I got a plate (got a plate)  
But I don't want a piece of your humble pie (humble pie)
