

Can't Be Trusted

The Interrupters

Can't be trusted!
Can't be trusted!
Can't be trusted!
I don't trust no-one
Under my pillow there's a loaded gun

(Can you trust it) Oh the CIA
(Can you trust it) They wanna put me away
(Can you trust it) Oh the FBI
(Can you trust it) They send another spy
(Can you trust it) Oh the TSA
(Can you trust it) Get your hands off me!

Can't be trusted!
Can't be trusted!
Can't be trusted!
I don't trust no-one
Under my pillow there's a loaded gun

There's no judge, no jury
Patriot act took the liberty
They're tapping our phones, breaking down our doors
Waging on the people it's a civil war
And it's a police state!?
Jefferson's rolling over in his grave

And you can't be trusted!
Can't be trusted!
Can't be trusted!
I don't trust no-one
Under my pillow there's a loaded gun

(Can you trust it) Oh the CIA
(Can you trust it) They wanna put me away
(Can you trust it) Oh the FBI
(Can you trust it) They send another spy
(Can you trust it) Oh the TSA
(Can you trust it) Get your hands off me!

Can't be trusted!
Can't be trusted!
Can't be trusted!
I don't trust no-one
Under my pillow there's a loaded gun
