Last Call

The Interrupters

Last call! It's the last call!
Last call! It's the last call!

Let's turn on the recognize the one, last call!
Blinded like I stared right at the sun, last call!
Take a shot or a pint, a bottle a can
Just shake it right up, put it in my hand!

Last call! It's the last call!
Last call! It's the last call last call last cal last call!

I think we should buy ourselves a drink, last call!
But I'm too drive to drunk my car I think, last call!
I need a whiskey coke, a bottle of wine
Cause we're ru-ru-ru-running outta time!

Last call! It's the last call!
Last call! It's the last call!

Last call!..

We're all looking for a one-night stand
Someplace where our lifestyle is impaired
And I hope I find a goodlooking face
Cause I need a ride back to my place!

Last call! It's the last call!
Last call! It's the last call! Last call!
Last call! It's the last call!
Last call! It's the last call, last call, last call, last call!
