

Media Sensation

The Interrupters

Land of the free, home of the slave
The uninformed are digging their own grave
Pacified with the mainstream media
What's it gonna take? Mass hysteria!
And that's fine 'cause I'm not blind
I'm ready for a fight of any kind
And we're forming, trust me the drones are swarming
Take this as a global warning

Don't watch their T.V. stations
It's all a fabrication
And don't march in their formation
A media sensation
A media sensation
A media sensation
A media sensation

They'll keep you suspended in fear
Until your freedoms disappear
I said it once, but you're not hearing me
You're giving up liberty for security
And that's fine, the sheep are blind
Shepherds indoctrinate the minds of the masses, poor and middle
classes
All parading like a bunch of fascists

Don't watch their T.V. stations
It's all a fabrication
And don't march in their formation
A media sensation
A media sensation
A media sensation
A media sensation

Don't watch their T.V. stations
It's all a fabrication
And don't march in their formation
A media sensation
(I'm not buying 'm not buying)
A media sensation
(I'm not buying 'm not buying)
A media sensation
(I'm not buying 'm not buying)
A media sensation
