

## Not Personal

### The Interrupters

Cut throat boss man  
Cold as ice  
Killer shark in a suit and  
The water's just right  
Switchblade, shotgun  
Baseball bat  
If it gets the job done  
Gangsters know that  
It's business, not personal  
They heard knock knock  
Knock knock "come outside!"  
We have your place surrounded  
Now there's nowhere to hide  
We'll drag you out by your feet  
That's alive or dead  
If it get's the job done, officer said  
It's business, not personal  
Crack goes the gavel now the court's  
In session  
No rat in the room  
So there's no confession  
Omertà is the law and the most respected  
If it gets the job done, you'll be protected  
It's business, not personal
