

Two Men In Love

The Irrepressibles

If I asked you now
will you be my prince
will you lay down your armour
and be with me forever?

When you open me
all the power in me moves,
how you want to see
all the depths of me real

When you open me,
all the power in me moves,
I feel real

I love you

When I look into your eyes
there's a danger inside
when I see the edge
I can never hide

See me running, running, running, running. running... (3x)
To you, from you, to you

There's a strange love inside
it's getting louder, louder, louder, louder, louder
There's a danger I can't hide,
who I am, it's who I am, it's who I am, it's who I am....

I'm in love, I'm in love, I'm in love, I'm in love... (3x)

Gonna build you up, gonna help you believe sunny! (2x)

There's a strange love inside
it's getting louder, louder, louder, louder, louder
There's a danger I can't hide,
who I am, it's who I am, it's who I am, it's who I am....

I'm in love, I'm in love, I'm in love, I'm in love... (3x)

We're just two men in love
