

Are You with Me?

The Isley Brothers

Are you with me, babe? Are you with me?
Are you with me, babe? Are you with me?

Are you with me in the trouble?
Are you with me? Well, what you got?
I've been lookin' for some answers
You better get with it, baby, if you're not
Are you with me? It ain't over
But we better stop the race
If they ever push the button
This whole world would be a different place

I'll be comin' on strong the whole night long just to turn you
on
I'll be comin' on strong the whole night long just to turn you
on

Are you with me in the struggle?
Are you ready? Well, what you say?
This whole world's full of troubles
But love is still the greatest power here today, yeah
Are you with me? Are we together?
Are you ready? Well, what you say?
This whole world's full of troubles
But love is still the greatest power here today

I'll be comin' on strong the whole night long just to turn you
on
I'll be comin' on strong the whole night long just to turn you
on

Yeah! Are you with me (yeah!) in the struggle?
Are you ready? Well, what you say?
I believe the world's in trouble
But love is still the greatest power here today

I'll be comin' on strong the whole night long just to turn you
on
Comin' on strong the whole night long just to turn you on
Comin' on strong the whole night long just to turn you on
I'll be comin' on strong the whole night long just to turn you
on

Are you with me, babe? Are you with me?
Are you with me, babe? Are you with me?
Are you with me, babe? Are you with me?
Are you with me, babe? Are you with me?
Are you with me, babe? Are you with me?

Are you with me, babe? Are you with me?
