

## Lucky Day

The Jackson 5

Miss luck, she's luck  
Miss luck, luck luck  
Miss luck, she's luck  
Miss luck, luck luck

Miss lucky day  
You stepped into my life  
On this lucky day  
I fell for you on sight  
Girl, im so amazed  
Excitement cant describe  
I find I fell in love before  
But never felt the feeling more

Im dreaming dreams you may come true  
Luck has made me a part of you  
You're in my mind in such a way  
How can I forget this lucky day

Miss lucky day  
You're my four-leaf clover girl  
On this lucky day  
You rearranged my world  
From down to up  
And I know that must be luck  
But still I keep my fingers crossed  
And hope this feeling wont be lost

Im dreaming dreams you may come true  
But luck has made me a part of you  
Oh, you're in my mind in such a way  
How can I forget this lucky day

Miss luck, she's luck  
Miss luck, luck luck  
Miss luck, she's luck

Miss lucky day  
You stepped into my life  
(2x)  
(I wanted to be as far away from me  
As the lucky charm you wear on your heart)

Miss lucky day  
You stepped into my life  
(2x)
