

# You Made Me What I Am

The Jackson 5

On the ground  
Lost then found  
To the top  
Thanks alot  
You made me what I am today  
You made me what I am today

You knew me when  
But still you loved me  
You stuck with me through thick and then, yea

You took my hand  
And then you shoved me  
'Til opportunity let me in  
You pushed me right up to the top

You made me what I am today  
You made me what I am today

Fame and fortune  
Can't change my name  
That's not the life i want to lead, no no

Yeah, yeah, yeah,  
Success is passing  
And friends have left me  
And a friend in need is a friend indeed

I know who my friends are  
I know who you are

You made me what I am today  
You made me what I am today

Testify, Testify  
Come on Testify  
Testify, Testify  
Come on Testify

The road was dark  
When I set out to look for love  
And you let the light shine through (Oh Testify)

I used the words  
"That I could touch the sky above"  
And you made it all come true (Oh Testify)

It was you (Thank you love, thank you baby)  
It was you (Thank you love, thank you baby)

You made me what I am today  
You made me what I am today

On the ground  
Lost then found  
To the top  
Thanks alot

You made me what I am today  
You made me what I am today

On the ground  
Lost then found  
To the top  
Thanks alot  
You made me what I am today  
You made me what I am today

On the ground  
Lost then found  
To the top  
Thanks alot  
You made me what I am today  
You made me what I am today
