

No matter where I roam  
I will return to my English rose  
For no bonds can ever tempt me from she

I've sailed the seven seas  
Flown the whole blue sky  
But I've returned with haste  
To where my love does lie

No matter where I go  
I will come back to my English rose  
For nothing can ever tempt me from she

I've searched the secret mists  
I've climbed the highest peaks  
And caught the wild wind home  
To hear her soft voice speak

No matter where I roam  
I will return to my English rose  
For no bonds can ever keep me from she

I've been to ancient worlds  
I've scoured the whole universe  
And caught the first train home  
To be at her side

No matter where I roam  
I will return to my English rose  
For no bonds can ever keep me from she
